

Handheld scanning solutions: outstanding performance and reliability

Handheld scanner solutions are specifically designed for automatic data capture applications and process automation throughout the customers' entire value chain in the retail, manufacturing, transportation & logistics and healthcare industries. Handheld scanners offer outstanding performance and reliability through the different scanning options: linear or area-imaging technologies. The standard, rugged, or antimicrobial enclosure allow their use in any environment, and their ergonomic design make these scanners easy to use also for long period.

The wide range of Datalogic general purpose handheld readers offer an assortment of choices for most of data collection activities. Product sets propose corded and cordless options together with best-in-class reading technologies, ready to solve current and future needs and applications.

From digital or printed 1D and 2D barcodes, to Direct Part Marking (DPM) or Digimarc™, Datalogic offers handheld scanning solutions for every barcode reading application.

Our Aim

Perform automatic data capture and process automation throughout the customers' entire value chain in the retail, manufacturing, transportation & logistics and healthcare industries.

Why Datalogic?

The wide range of Datalogic general purpose and industrial handheld readers offer an assortment of choices for most of data collection activities. Product sets propose corded and cordless options together with best-in-class reading technologies, ready to solve current and future needs and applications.

Our distinguishing factors

BUILT TO LAST

BEST SCANNING PERFORMANCE

Datalogic Handheld Scanners: a complete offering

HANDHELD PRODUCTS AND ACCESSORIES FOR ALL APPLICATIONS

Whether your organization is looking to automate the data collection activity, to manage the warehouse inventory, to assure the correct traceability among the entire supply chain, to enhance check-out speed in retail environment as well as improve transaction accuracy and efficiency in the store, handheld scanners give a solution.

Datalogic is able to provide also a range of accessories designed to complement and enhance scanner operation and ensure communication and mobility.

SOFTWARE

A complete suite of software utilities allows to manage the product setup and integration, and to upgrade the product firmware, on line and remotely, to download pictures from the device and to create and share product configurations.

EASE OF CARE SERVICES

Everything you'd expect from a brand that cares.

A comprehensive set of options to deliver the best post-sales support for repairing our devices to keep them running over many years.

GENERAL PURPOSE HANDHELD READERS

GRYPHON 4500 SERIES

Premium handheld scanners for corded or cordless value-added applications using 2D barcodes. The Gryphon 45XX 2D area imagers provide a new cutting edge design, coupled with disinfectant ready enclosures, megapixel optics and a unique wireless battery charging system. Available in Desk, Bluetooth®, Mobile (STAR radio) and Healthcare versions.

Highlights

- 1 MP optics for superior scanning and Depth of Field
- Datalogic distinctive technology with highly visible white-illumination and 4-Dot aimer with center cross for targeted scanning
- Datalogic's 'Green Spot' technology, exclusive 3GL™ (3 Green Lights) and Vibration for superior good-read feedback
- Image capture and document scanning capabilities
- Choice of Bluetooth wireless technology or Datalogic's STAR Cordless System
- Wireless battery charging system
- Choice of WLC4090 adjustable position cradle with Scan-While-Charging capability or WLC4190 sleek desk/wall cradle with USB Type C connectivity

Highlights

- Enhanced linear imaging technology for superior scanning and Depth of Field
- Reads 1D high-density and low-resolution codes, hard-to-read, poor or damaged codes and bar codes from mobile devices
- Datalogic's distinctive 'soft line viewfinder' to easily target the barcode to be read
- Datalogic's 'Green Spot' technology and 3GL™ (3 Green Lights) for superior good-read feedback
- Motionix motion-sensing technology for seamless reading mode transitions
- Choice of Bluetooth wireless technology or Datalogic's STAR Cordless System
- Wireless battery charging system

GRYPHON 4200 SERIES

Premium handheld scanners for corded or cordless value-added applications using 1D barcodes. The Gryphon 42XX linear imagers provide the best-in-class reading performance on 1D bar codes coupled with disinfectant ready enclosures and a unique wireless battery charging system. Available in Desk, Bluetooth® and Mobile (STAR radio) versions.

QUICKSCAN 2500 SERIES

Affordable handheld scanners for corded or cordless applications using 2D barcodes. The QuickScan 25XX series are 2D area imagers providing best-in-class reading performance and snappiness, high reliability and full guidance with extreme precision aiming system.

Available in Desk, Bluetooth® and Mobile (STAR radio) versions.

Highlights

- Choice of optics between 1 MP for superior scanning and Depth Of Field (QD, QM and QBT) and VGA (QW) for the extra-affordability
- Datalogic LED-based technology with extreme precision aiming system
- Datalogic's 'Green Spot' technology for superior good-read feedback
- Motionix motion-sensing technology for seamless reading mode transitions
- Choice of Bluetooth wireless technology or Datalogic's STAR Cordless System (radio frequencies available in 433 MHz or 910 MHz)
- Multi-interface options: RS-232 / USB (including USB-C)

QUICKSCAN 2200 SERIES

Entry-level handheld scanners for corded applications using 1D barcodes.

The QuickScan QD2200 linear imager is the 1D entry-level corded reader with a superior scanning performance in its category.

It provides full control to the operator, from the linear aiming to the most prompt visual and audible good read feedback.

Highlights

- Light weight and balanced design
- Extra-wide scan angle and extra-long scan line
- Extended reading range and depth-of-field (DOF)
- It reliably reads any type of 1D barcode from up close to a distance with ease in capturing long bar codes
- Sharp and highly visible scan line
- Datalogic's distinctive Green Spot technology for superior good-read feedback
- USB interface (including USB-C)

GENERAL PURPOSE HANDHELD READERS

RIDA DBT6400 SERIES

Mobile scanners for cordless applications using 2D barcodes.

Datalogic's RIDA DBT6400 cordless imager with Bluetooth® wireless technology is the ideal workmate for connecting with mobile devices.

The scanner is a small, ergonomic, perfectly hand-fitted wireless device with a modern and elegant design.

Available in Retail and Healthcare versions.

Highlights

- Outstanding reading performance on 1D/2D printed codes or on mobile phone screens
- Bluetooth® wireless technology for simple linking with tablets, smartphones, laptops, etc.
- Compatible with Android, Apple iOS and Windows Mobile devices
- Vibration for sensitive, polyphonic speaker for audio and Datalogic's 'Green Spot' technology
- Highly visible 4-Dot aimer with center cross for targeted scanning with efficient white illumination
- Batch Mode capability: 2,000 linear codes stored in memory
- Disinfectant-Ready enclosures withstand daily cleaning with harsh disinfectant solutions

TD1100 SERIES

Cost effective scanners for corded applications using 1D barcodes.

The TD1100 series of linear imagers are an economical solution for users who require close contact 1D bar code reading.

Small, lightweight and low on energy consumption, the TD1100 readers available with the option of two different sizes of reading windows.

Highlights

- Wide reading windows: 6.5 cm / 2.6 in and 9.0 cm / 3.5 in
- Excellent reading performance on damaged or poorly printed bar codes
- Interface options: USB or Keyboard Wedge / RS-232 (65/90 Lite); USB / RS-232 / Keyboard Wedge / Wand Emulation (65/90 Pro)
- Compact and innovative 'read-thru' holder for handsfree reading capability
- Drop Resistance to 1.5 m / 5.0 ft

INDUSTRIAL HANDHELD READERS

POWERSCAN 9600 SERIES

The PowerScan family of barcode readers is the ultimate industrial handheld scanners, designed and constructed to withstand the toughest environmental conditions.

The new PowerScan 9600 scanners – available in corded or cordless models – are designed to enhance productivity and efficiency through best-in-class scanning performances and a reduced total solution cost.

The new PowerScan 9600 Series complements Datalogic's leading range of industrial scanners, readers, data capture and process automation devices, which are enabling Industry 4.0 initiatives worldwide.

STANDARD RANGE AND AUTO RANGE SERIES

PowerScan 9600 series, the best-in-class ultra-rugged handheld scanner, Standard Range and High Performance, is now empowered with the 1D/2D **Auto Range series** with extra-long range capabilities, targeting mainly applications in warehouses where the operator can scan a picklist or a pallet at very short scanning distances up to very far barcodes located on the highest racks with the same device.

PowerScan 9600 is available in a full suite of products:

- Corded desk models (PD9600)
- Cordless models with Datalogic's STAR 433 MHz Cordless System™ 2.0 proprietary radio (PM9600) and display options
- Cordless Bluetooth® 5.0 models (PBT9600)

ULTRA-ROBUST DESIGN

New ultra-robust design and top-class IP ratings. Designed to resist more than 50 drops at 2.5 m / 8.2 ft and is sealed to IP67 and IP65

CONNECTIVITY

USB and RS-232 Multi-interface, Ethernet and Industrial Ethernet embedded. Easy system integration

MODULARITY

Modular design allows interface expansion to both cordless and corded devices

INDUCTIVE, CONTACTLESS CHARGING TECHNOLOGY

Battery contacts and pins often get dirty, bent, or broken. Wireless charging technology removes a key point of failure in Industrial and Retail functions

DPX SERIES

PowerScan 9600 DPX series is the industrial handheld solution for traceability of DPM and label-based codes, targeting mainly traceability applications in Automotive, Aerospace, Tires and Electronics but used also in Healthcare for medical device tracking in hospitals.

The Datalogic 4D autolearning system automatically sets up the best acquisition parameters and decoding algorithms, without the need to configure the scanner for every application.

CENTER OF GRAVITY DESIGN

The new scanner has a well-balanced weight reducing fatigue on the operator's wrist

DESIGNED FOR MOBILITY

The Datalogic STAR radio is a narrow band two-way radio that allows no interference with existing systems like Wi-Fi or Bluetooth®

OLED DISPLAY

New OLED display with selectable dark on white or white on dark backgrounds for better visibility

RADIO RANGE HIGH/LOW SPEED TO OPTIMIZE TX SPEED/RANGE

The new antenna design allows the user to reach twice the radio range with respect to the existing PowerScan 9500 series

INDUSTRIAL HANDHELD READERS

POWERSCAN 91XX

The PowerScan 91XX linear imagers introduce a new green scanning line for outstanding 1D data collection. Available in Desk, Bluetooth® and Mobile (STAR radio) versions.

Highlights

- Datalogic's new linear imaging technology
- Green laser-like scanning line
- Datalogic's 3GL™ (Three Green Lights) and loud beeper for good-read feedback
- Decoding capability up to 2.5 mils
- Built-in multiple interfaces (RS-232, Keyboard Wedge and USB)
- Ergonomic shape
- User replaceable Lithium-Ion battery (PBT9100 and PM9100)
- Ethernet connectivity (Standard and Industrial ~ PBT9100 and PM9100)

GRYPHON 4500 FIXED SERIES (GFS4500 and GFE4500)

The Gryphon 4500 Fixed Series scan modules provide ready-to-use versatile solutions for kiosks and machine manufacturers.

The GFS4500 module can be easily integrated with little effort in different enclosures from multiple sides with its small size and various fixing points.

The 'naked' version, GFE4500, is ideal for tailor-made fully integrated solutions and are made to last with a durable design for maximum uptime.

Highlights

- The most advanced Megapixel sensor technology grants outstanding reading performance
- The wide-angle optics allows snappy scanning of any 1D and 2D barcodes at almost contact
- The improved motion tolerance permits first pass decoding of fast-moving codes
- The ultimate decoding algorithms ensures speedy reading of tickets, boarding passes, loyalty cards, and coupons from mobile phone displays
- A 5-year factory warranty proves the Gryphon 4500 Fixed Series has been designed to last

RETAIL GROCERY STORES POS CHECKOUT *With Gryphon 4500*

Datalogic has a complete offering of checkout solutions for countertop and handheld use. Scanners such as the Gryphon™ series ones provide maximum flexibility and snappiness in reading 1D and 2D codes, high-density and low-resolution codes, hard-to-read, poor or damaged codes and codes from mobile devices.

RETAIL NON-FOOD STORES POS CHECKOUT *with Quicksan 2500*

Quicksan 2500 series is the reliable companion for many applications in the retail sector, especially for non food stores POS checkout, offering superior performances, affordably. Built for many years of continued service, QuickScan 2500 series scanners are optimized to seamlessly read any type of 1D and 2D codes and on smartphone screens.

DATALOGIC HANDHELD SCANNERS SOLUTIONS

FORKLIFT OPERATIONS *with PowerScan 9600*

With PowerScan 9600 Auto Range models it will be simple for the operator to scan a close-up barcode as well as a code at the top of a warehouse rack with the same device. PowerScan guarantees efficiency and precision in extended-range scanning, even while scanning through a forklift window.

COMPONENT TRACKING *Component identification in manufacturing processes*

In the electronics and automotive industries, traceability solutions are crucial to manage the supply chain, provide product tracking and improve response time during product recalls or quality issues. PowerScan 9600 DPX is the perfect product for traceability in manufacturing environments.

LUXURY AND FASHION STORES POS CHECKOUT *with Heron 3400*

The Heron™ HD3400 area imager brings unmatched elegance along with the latest advanced technology to the modern point-of-sale.

The stylish silhouette of the scanner is enriched with multiple color changing lights, innovative and modern design material, together with the audio speaker, amplifies the customer's brand experience at the point-of-sale.

BEDSIDE CARE *with RIDA DBT6400*

The RIDA DBT6400 Healthcare imager is equipped with disinfectant ready and antimicrobial enclosures which makes it ideal for bedside point-of-care applications. Its compact size and light weight allows freedom of movement while scanning, with the added benefit of preventing cross-contamination in the hospital.

**YOU DON'T HAVE TO RESTRICT YOUR POWER OF CHOICE.
WE HAVE ALL NEEDED TECHNOLOGIES.
THE BEST SOLUTIONS IS THE ONE TAILORED TO YOUR NEEDS.**

WAREHOUSE OPERATIONS *with PowerScan 9600*

In the warehouse, the PowerScan™ 9600 handheld scanner can withstand heavy use, while its advanced scanning technology offers swift and accurate barcode capture. The result is shorter wait times, fewer errors, and a smoother flow of goods guaranteeing greater efficiency, lower operating costs, and an improved bottom line.

KIOSKS APPLICATIONS *with Gryphon 4500 Fixed Series*

The GFS4500 module can be easily integrated with little effort and maximum reliability. From tickets and boarding passes to loyalty cards, the Gryphon 4500 Fixed Series delivers lightning-fast scanning capabilities. Gryphon 4500 Fixed Series is able to read any 1D or 2D barcode a breeze, even on mobile phone displays.

Software & tools

DATALOGIC ALADDIN

the first smart handheld configurator

Aladdin 3.3.0.3 is the new software configurator for HHS, OEM ScanEngine, and the new Magellan 96/9900i. It's an all-in-one software tool that offers easy and fast reader set-up. Datalogic Aladdin 3 provides customers the opportunity to manage the product configuration, and allows flexible advanced formatting through an intuitive user interface. The tool also makes it easy for customers to upgrade the product firmware, to attain the benefits of new reader features. Used in combination with the Datalogic USB-COM drivers, supports the following Microsoft® operating systems: Windows 11, 10, 8.1, 8, 7, 64-bit versions.

- Quickscan
- Gryphon
- PowerScan
- Heron
- Touch
- Rida
- OEM Scan Engines
- CODiScan
