

Wireless Base Station Series

USB Bluetooth base station

Model: ZAP-U

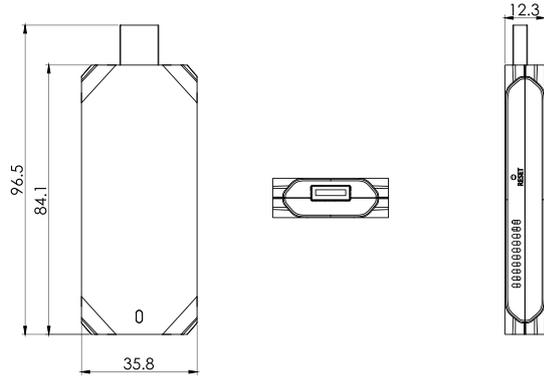

PRODUCT DATASHEET

TECH SPECIFICATION

EXAMPLARY PICTURE

TECHNICAL DRAWINGS (mm)

Structural material

Face shell and bottom shell

ABS plastic material

Housing material

ABS plastic

Indicator lamp shade

Translucent PC

processor

Number of CPU cores frequency

775 MHz

Chip scheme

Qualcomm 9563

memorizer

memorizer

16M FLASH + 128M RAM

peculiarity

Communication mode

BLE private protocol

Bluetooth module

2

Operating frequency band

2.4 to 2.438 GHz

Transmitting power

7dBm

Antenna gain

3dBi

Curve characteristic

Two way omnidirectional antenna

OTA upgrade

support
